

NOTICE:
The Packet Table of Contents has been replaced.

The Project Development Information Packet is being phased-out and replaced by two new documents, the Federal-aid Project Development Guide (the Guide) and the Instructional Memorandums to Local Public Agencies (I.M.s). For more information about the Guide and new I.M.s, go to:

http://www.iowadot.gov/local_systems/publications/im/lpa_ims.htm

This redirect page will remain in place until all of the old Packet documents are phased-out. However, if you have a link or bookmark to the Packet Table of Contents, we recommend that you update it now.
